How to Read the Program

Who did he beat? Who had the mount? How fast did they go? What's his breeding? For the answers look to the past performances pages of this track program. It all might look intimidating at first, but this page will show you how to use the wealth of data supplied for each horse. The past performance lines used in this How to Read page are not actually associated with Jefesito. The information is provided as an example of all the components found within a race program in an effort to educate and inform the betting public. All past performances are provided by Equibase Company - the Thoroughbred Industry's Official Database for Racing Information.

WAIVER CLAIMING - At the time of entry into a claiming race, the owner may opt to declare a horse ineligible to be claimed provided: 1. The horse has been laid off and has not started since December 3, 2021 and the horse is entered for a claiming price equal to or greater than the claiming price of the race in which it last started. This horse is allowed to be ineligible to be claimed for two consecutive starts. The first start must be made before the completion of the first condition book and the second start must be made before the completion of the second condition book. 2. The horse has been laid off and has not started since March 3, 2022 and the horse is entered for a claiming price equal to or greater than the claiming price of the last race in which it last started. This horse is allowed to be ineligible to be claimed for one start. This start must be made before the completion of the first condition book. 3. The claiming level of \$1,500 is NOT eligible for waiver claiming status. 4. Failing to declare a horse ineligible to be claimed will result in the horse automatically being available to be claimed. 5. A 3-year-old who had it's last start in the previous year at Assiniboia Downs for a claiming price of \$7,500 or \$9,375 - they are eligible to run for a waiver protected level of maiden claiming \$5,000 or claiming \$5,000 non-winners two lifetime. 6. Fillies/mares running against colts/geldings and MB-breeds running in an open bred race, the premium claiming price attached will not be considered. As noted in points 1 & 2 above, the claiming price of the race in which it last started will be deemed the official waiver claiming price. As an example, a filly/mare or MB-breeds running for 25% more in a \$5,000 claiming race will be running for \$6,250, however the waiver claiming they are eligible for is the \$5,000 original claiming.

LGCA - Under our Rules of Racing the Stewards are not required to disqualify a horse that fouls another horse. If, in the opinion of the Stewards, the foul did not in any way affect the outcome of the race the offending horse will not be disqualified. For example, if the winning horse fouled another horse which finish 5th and the Stewards decide that, if not for the foul the fouled horse may have finished 4th, the offending horse will be disqualified and placed behind the horse that was fouled. Conversely if the Stewards are of the opinion that the fouled horse would not have finished in a better position the offending horse will not be disqualified. In almost all instances in which the Stewards decide not to disqualify the offending horse the foul will have occurred in the last 1/8th of a mile because when a foul occurs in the early part of a race it is difficult for the Stewards to conclude that the foul did not affect the outcome. The benefit of any doubt is given to the horse that was fouled. A disqualification, or non-disqualification, of an offending horse is irrelevant to the question of whether the jockey is disciplined by the Stewards. If the jockey has ridden carelessly he/she will be disciplined even if the horse is not disqualified. Likewise the jockey will not be disciplined, even if his horse commits a foul and is disqualified, if the Stewards determine he/she was not to blame for the accident.
